

Aviom and Sports Broadcasting

Aviom Pro64® Series audio networks have been used to support the live broadcast of a number of high-profile sporting events, including the Daytona 500, NFL football, PGA golf, the ESPN X Games, the Kentucky Derby, and more. The Pro64 Series provides robust, reliable performance, coupled with outstanding, transparent audio quality, and the convenience of long Cat-5e cable runs and support for single- or multi-mode fiber optics.

SYSTEM HIGHLIGHTS

- Use to distribute audio between announce booths, trucks, locations, sets, and control booths
- Use for any combination of program audio and IFB
- Streamlined single-or multi-mode fiber connectivity for long cable runs
- Cat-5e runs up to 400ft/120m
- Simple remote gain control from anywhere in the system
